

AscendBridge Solutions Inc. - a North American Dassault Systemes Platinum Partner joins Mecanica Solutions Inc. a SolidXperience Company

SEPT 19, 2019. Mecanica Solutions Inc. is pleased to announce the completion of a successful merger with AscendBridge Solutions Inc. a North American Dassault Software Partner and Services provider.

Both organizations have a deep history providing customers with 3DEXPERIENCE, CATIA, ENOVIA, SIMULIA, DELMIA and Services including Implementation, Technical Support, Training and Design Services, throughout North America.

Awarded the status of Platinum Partner from Dassault Systemes, our combined organization of talented professionals will enhance our resource and product offerings to customers in Aerospace & Defense, Transportation & Mobility and Industrial Equipment.

“Providing the appropriate software solutions combined with exceptional customer service has contributed to our long-term success, says Gerry Alguire, managing director of AscendBridge Solutions Inc. “Our customers throughout North America have come to rely on our rapid response and software expertise in CATIA, ENOVIA, SIMULIA and DELMIA”.

Karen Crespi, managing director of AscendBridge Solutions Inc. stated that “Our core values; Passion, Commitment and Dedication to Customer Success will continue to be intrinsic to our company’s future. This is an exciting time for both companies and our customers as we join Mecanica Solutions Inc”.

About AscendBridge Solutions Inc.: For over 20 years AscendBridge has successfully assisted clients in Canada and the United States with the selection, implementation, training and ongoing support of CATIA, ENOVIA, SIMULIA and DELMIA software solutions. They serve a wide customer base including but not limited to OEM’s and Suppliers within the Automotive, Aerospace, Consumer Good and Industrial Machine sectors.

About Mecanica Solutions Inc.: Mecanica Solutions has been providing engineering services to aerospace, automotive and AEC industries since 1982. Mecanica is a world-wide provider of PLM solutions and technologies aimed at enhancing business processes. We have developed specialized expertise in Dassault Systemes 3DEXPERIENCE ecosystem, building the knowledge to adapt this environment to the unique requirements of each of our clients.
